Beliefs about Education @PGPS

Every child is unique. Given sufficient **support** and/or **challenge**, every child can learn and wants to succeed.

STUDENTS

When learning is **fun** and **joyful**, students will be more engaged. They will be more intrinsically motivated when the learning is **authentic** and they experience success.

LEARNING

Students will succeed when they know their teachers **care** and **believe** in them. The role of a teacher is to **bring out the best in every child**.

TEACHERS

A **positive** and **safe** environment will promote Learning, Innovation and Creativity.

ENVIRONMENT

Good Home-School partnership strengthens students' learning. The community has rich resources that can help us enhance the quality of education we provide.

What our Ex-Students say about Us..

"I had some very memorable and fun experiences in my 6 years of being in this school, such as the camp in P5 and the class trip to the road safety park. These experiences have led me to becoming a better person as it taught me valuable life skills such as leadership, teamwork and determination. I think that students should join PGPS as it gives many opportunities to nurture your interests with a variety of CCAs, great teachers who put in their blood, sweat and tears to ensure we flourish, really good food in the canteen, the list just goes on!

PGPS is a school that I would highly recommend for students to join, and I now still miss the primary school days in secondary school.

Tan Jin Kai, Class of 2020

What our Ex-Students say about Us...

“The school promotes a productive and comfortable learning environment, where everyone is encouraged to express their creativity as well as their talents. I have also learnt some useful skills in PGPS, including student leadership, time management, stress management and so on. Considering that your child is taking his/her first step into education, values, education, environment, safety and learning of skills are all very important factors to consider. PGPS has all these factors in place, and based from my experience of my enriching school life, I would definitely recommend PGPS”.

Xu Xinchun, Class of 2019

“Thank you for giving me such a memorable primary school experience. You have given me many memories which I cherish and still keep. One of my most memorable experiences is PGPS Got Talent, where students had a chance to showcase their talents... Throughout my 6 year journey, I have picked up many good skills and values such as integrity and responsibility.”

Ethan Poh Ming En, Class of 2021

What our Ex-Students say about Us...

“I would definitely encourage parents to enrol their children into Punggol Green Primary School as other than focusing on academics, the school also emphasises on incalculating values in students. The school teaches the S.T.R.I.V.E values through fun and engaging programmes. Assembly also teaches us different values everyday when we gather in the hall.. “

Ang Choon Hong, P6 Confidence (2022)

“Being in PGPS makes me happy every day! It has helped me to cross any obstacles in the way and helped me become more confident in myself. The school has taught me so much. The most memorable thing the school has done was Children’s Day in 2018. It was the most fun I have had in my life so far. Thank you for everything.”

Kesha, P6 Responsibility (2022)

What Parents say about Us...

“When my child entered PGPS in 2022, she faced many difficulties adapting to the new environment. However, her teachers were there for her every morning, providing comfort and support. I am grateful to the FT, Co-FT, as well as the SLs, who would always be at the foyer to welcome my child, holding her hands to make her feel safe and at ease. Teachers at PGPS see each child as an individual, recognising their unique strengths and needs. The guidance and loving care my daughter receives from her teachers are invaluable. It is truly remarkable to witness her transformation from the day she joined PGPS. She has become a more confident and outspoken girl, thanks to the patience and encouragement from her teachers. I want to express my heartfelt gratitude to PGPS for creating an environment where my child feels at home. Today, my daughter is in Primary 2, and I couldn't be prouder of her growth and accomplishments. I am also grateful to her teachers, who have played an important role in her journey so far. Thank you, PGPS for helping my child thrive.”

Mother of Ayra Amilia, P2 Innovation

What Parents say about Us...

“We are grateful that teachers at Punggol Green care a lot about our children’s holistic wellbeing—they go above and beyond to make themselves available to help, not just for academic matters, but for any other issues that might be bothering the children. They provide a safe space for our children to learn and grow as individuals.”

Father of Ernest Quek, P1 Valour & Isabelle Quek, P4 Empathy

“PGPS has been a fantastic choice for my daughter. I am impressed by the school's well-maintained facilities and tight security measures. The teachers are caring and diligent, consistently updating me on my daughter's progress and achievements through the Class Dojo platform. The curriculum is engaging, interactive, and enjoyable, making my daughter excited to go to school every day. Additionally, PGPS places a strong emphasis on values education, which I greatly appreciate as a busy parent. I am grateful for the school's efforts in developing my daughter's confidence and life skills, to mould her into a well-rounded individual.”

Mother of Chloe Tan, P1 Confidence

What Parents say about Us...

“PGPS really lives up to its mission in nurturing and igniting the joy of learning. Apart from CCAs, students are also constantly engaged through various activities such as recess programmes and learning journeys. Students are not only recognised for their academic achievement but in all other aspects too such as sports, musical talents and good behaviour. Model students award is one initiative by the school that I like. This award is given to students who demonstrate the school’s STRIVE values and it is awarded at the end of each school term. The constant interaction between the school and parents through Parent Teachers Meeting and online platforms such as Parents Gateway and Class Dojo keep us updated with our kids' progress and the school happenings. My children enjoy going to school and all of them feel affectionate towards the school.”

Nur Alya Humaira, P4 Self-Discipline
& Muhd Arfan Shah, P5 Care**

What Parents say about Us...

“We transferred our daughter, Kayla to PGPS last year when she was in P4 and we are very glad that we had made that decision. She is so much happier now and enjoys going to school every day. PGPS is a school that provides a holistic and nurturing environment for children and also allows the children to develop and discover their passion and interests through various CCAs and programmes. The school never fails to provide frequent updates on the activities in school and surveys to ensure the mental well-being of students so that the teachers are able to better support them when back in school. A good school definitely cannot do without a team of dedicated, passionate and caring teachers. My daughter is very fortunate to have dedicated teachers who will go the extra mile to provide extra lessons and constantly giving their support, guidance and encouragement. We are thus very thankful to all the teachers and staff in PGPS for providing a positive and engaging learning environment for her to grow in.”
